Workshop on SDEs & SPDEs

Theory, numerics and their interplay with data science

Date: 26–30 June 2019

Deadline for registration: 17 June 2019

More info at: bit.ly/SPDE-2019

Location
Department of Mathematics and Applied Mathematics, University of Crete, Heraklion, Crete, Greece

Keynote speakers

Eric Moulines, École Polytechnique

Miklós Rásonyi, Alfréd Rényi Institute of Mathematics

Raúl Tempone, RWTH Aachen & KAUST

Guest lecture

István Gyöngy, University of Edinburgh

Invited speakers

Denis Belomestny, Duisburg-Essen University

Nicolas Chopin, ENSAE

Konstantinos Dareiotis, Max Planck Institute for Mathematics in the Sciences

Alain Durmus, ENS Paris-Saclay

Andreas Eberle, University of Bonn

Máté Gerencsér, IST Austria

Håkon Hoel, KAUST

Aleksandar Mijatovic, University of Warwick

Thomas Müller-Gronbach, University of Passau

Alexey Naumov, National Research University Higher School of Economics

Erik von Schwerin, KAUST

Larisa Yaroslavtseva, University of Passau

Ying Zhang, University of Edinburgh

Organising committee

Nikolaos Englezos, University of Piraeus

Georgios Kossioris, University of Crete

Sotirios Sabanis, The Alan Turing Institute & University of Edinburgh
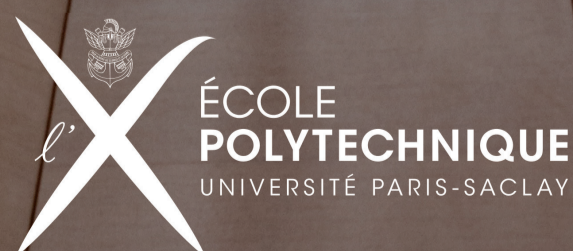

Georgios Zouraris, University of Crete

Poster session

Graduate students or scientists with a recent PhD degree are encouraged to contribute a poster for this workshop.

The deadline for submission of contributed abstracts is 24 May 2019.
